COMPANY PROFILE

EASTERN PETROCHEMICALS
— CHEMICAL FACTORY —

EASTERN PETROCHEMICALS CHEMICAL FACTORY

Eastern Petrochemicals Chemical Factory is a Saudi Arabia based Company started in 2013 to meet the specific demands within the chemical markets. Since inception, we have continuously expanded its operations and now specializes in the distribution of chemicals to a wide range of requirements within the Industrial manufacturing sectors. Our main strategic goal is to be the number one in customer satisfaction.

OUR VISION & MISSION

VISION

To establish Eastern Petrochemicals Chemical Company as the best-in-class, regionally located, speciality chemical company in the world.

MISSION

To ensure Quality, Health, Safety and Environment is our primary consideration across all business activities.
To expand the Company's product and services offering to meet market demands regionally and globally.

SUSTAINABILITY

We operate our businesses in a sustainable manner, considering the impact of our activities on the environment and seek to contribute to the community and society. We place the highest priority on the Health and Safety of our employees and the durability of our operations.

OPERATIONAL DETAILS

Our main storage facility and oil the refinery is located in Industrial City 3, Riyadh, the capital of Saudi Arabia. In addition, we have various storage facilities across Saudi Arabia (Eastern & Western provinces). The factory in Riyadh exports 3000 Metric tons of base oil per month. This factory is an exemplary model for a sustainable business in KSA.

KEY INDUSTRIES

PETROCHEMICALS

The Saudi Basic Industries Corporation (SABIC) is a major world producer of various type of petrochemicals. Our company enjoys a long-term relationship with most of SABIC business units. We have been and remain a key supplier of raw materials from SABIC, used in the production of different type of industrial chemical products. We are collecting large volumes of Petrochemical raw materials such as Base Oil, BTX, MEG, DEG, TEG, Hydro Carbo, Phenols, HPO and PFO.

TRANSPORTATION FACILITY

We have a large transportation system for the distribution of chemicals within KSA and across GCC.
